Welcome to the Participant Portal

The Participant Portal will become your single entry point of interaction with the Research Directorates-General of the European Commission. It will host a full range of services that facilitate the monitoring and the management of your proposals and projects throughout their lifecycle.

What does it offer today?

- All visitors may search for FP7-related support documents;
- Possibility to view or to search for FP7 calls;
- You can register your organisation’s data in the Unique Registration Facility (URF), avoiding redundant requests for information;
- The appointed representative of your organisation, called the LEAR (Legal Entity Appointed Representative) can provide and update relevant legal & financial data via the portal;
- LEARs may access the list of projects associated with their organisation, including project details and the status of amendments;
- LEARs can delegate their capabilities to Account Administrator(s);
- Depending on your role in a project, possibility to perform common tasks such as project reviewing, consortium role management, project role management, negotiation management, amendment management as well as periodic financial and scientific reporting.

How does it work?
European Commission Authentication Service

Authentication requested by: Participants Portal

ECAS password initialisation - Mozilla Firefox

European Commission Authentication Service

>> EUROPA > Authentication Service > Password initialisation

Username or e-mail address
Confirm username or e-mail address

To get a password for an application that uses ECAS authentication, click on 'Request ECAS password' below. You will then receive an e-mail containing a link that connects you to a special page where you can create your new password. This will work if you have previously (been) registered in ECAS.

You must complete the actions described on this special page within 1h30 of clicking 'Request ECAS password', otherwise you will have to restart the whole procedure. The e-mail will be sent by "ECAS Service" and will be marked as Private. Your e-mail client may not recognise this marking. You should not forward this e-mail to anyone else as they would be able to reset your password within the time allowed of 1h30.

What does it offer today?

- All visitors may search for FP7-related support documents;
- Possibility to view or to search for FP7 calls;
- You can register your organisation’s data in the Unique Registration Facility (URF), avoiding redundant requests for information;
- The appointed representative of your organisation, called the LEAR (Legal Entity Appointed Representative) can provide and update relevant legal & financial data via the portal.
- LEARs may access the list of projects associated with their organisation, including project details and the status of amendments;
- LEARs can delegate their capabilities to Account Administrator(s);
- Depending on your role in a project, possibility to perform common tasks such as project reviewing, consortium role management, project role management, negotiation management, amendment management as well as periodic financial and scientific reporting.

How does it work?
The list displayed below might not be the exhaustive list of the FP7/CIP projects associated with your organisation. Only the projects for which online services are available through the Participant Portal for the specific user are currently presented. Technical work is ongoing to resolve this limitation.

If you are a LEAR of your organisation, please visit the tab My Organisations and follow the link "View projects" to have the list of projects linked to your organisation. A LEAR can only view projects their organisation is linked with. Granting access to projects is done separately. Please contact the Project Coordinator if you want a participant contact role, or contact your participant contact to obtain a specific role.
